Figure 1. See copy of drawing (Figure 1 and Figure 2) enclosed. This addition has been approved by the Examiner, see copy of "Office Action Summary" enclosed herein.

In a telephone call to your office on Wednesday, November 13, 2002 at about 11:30 a.m. PST, I spoke with a lady who advised me that the case was sitting on a shelf awaiting the drawing change referred to above. She said that if I sent it directly to your department, the secretary would insure the patent application proceeds to printing.

The issue fee has already been paid (August 9, 2002, \$640.00 plus \$30.00 for patent copies). I am sending a copy of this NOTICE OF APPROVED DRAWINGS (and the enclosures) to the Official Draftsman and to Examiner Hal Wachsman in Group Art Unit 2857 in order to advise everyone concerned with this matter.

Please see to it that this case proceeds to printing with the new Figure 1. **If there is anything more required of the applicant or the undersigned, that will cause this patent application to be further delayed, please notify the undersigned by telephone (call collect), or by fax, e-mail, or U.S. Mail at the numbers and addresses listed below.**
